PLEASE READ CAREFULLY

The landscape of the running and event industry has changed. As of today, we don't know the extent to which races will continue to be impacted by COVID-19 and the resulting state guidelines and policies. However, we do expect that impact to continue to change and evolve.

Vacation Races will continue to plan and work towards putting on our scheduled events. In instances where we are permitted to hold events, we will likely be implementing policies and logistical changes that may change the face of the event in ways not clearly outlined at the time you registered for the race. The changes could affect fundamental things such as the route, start time, aid stations, etc..

Furthermore, these events are also subject to increased risk of cancelation for reasons out of our control. In the event of a cancelation, we will not be able to offer refunds at all, but we will do our best to provide runners with several other options that likely include deferment and virtual races.

Finally, we would expect race registrants who are showing COVID-19 symptoms, are around those known to be infected, are members of more vulnerable populations or who live with high-risk people, to not attend our events until such time it is deemed safe to do so by governmental agencies.

By checking this box you are acknowledging these conditions and agreeing to be subject to them.

I acknowledge and agree

Course Acknowledgement *

We want to be very clear that this race does NOT take place inside National Park boundaries. We don't want you to be disappointed or have the wrong expectations. The course is beautiful and scenic and we strongly encourage you to spend time inside the park before or after the race, but the race itself takes place outside park boundaries. Please confirm that you understand the nature of the course. You can view the [course details](#) on our website.

I'm aware that the course is near but not inside the national park

Cup-Free Event Acknowledgement *

In order to minimize trash created, this will be a cup-free event. You'll be required to have your own cup for water or Gnarly at the aid stations (e.g., a Nathan reusable cup, a handheld water bottle, a bladder system, etc.). **Cups will not be provided at the start or finish line or any of the aid stations.** Please confirm that you understand the cup-free nature of this event.
